Dear Attendee,

The Global Residence & Citizenship Conference, co-organized by HSBC and Henley & Partners, will address important and current issues of interest to private clients who are spreading their assets and activities internationally and who are looking to relocate for personal or business reasons.

Changes in residence often trigger important opportunities and are therefore an increasingly relevant **aspect** of international solutions in private client planning. Accordingly, this conference focuses on the most important residence options which are currently available to the international client.

Leading experts from HSBC and Henley & Partners will give an up-to-date overview of residence and citizenship possibilities in the most attractive countries. Additionally, it is a special honor to have the Prime Minister of St. Kitts & Nevis, The Hon. Dr. Denzil Douglas, attend this event.

The entire program has been carefully designed to provide valuable insights into the specific needs of international clients with regard to residence and citizenship planning. The general session on 19th November will give the necessary overview, whereas on 20th November individual workshops and one-on-one meetings with the various experts will provide ample opportunities to learn in detail about the possibilities that exist for clients in the different countries.

We look forward to seeing you in Dubai on 19th and 20th November in a professional and friendly environment in the presence of leading experts.

Eric G. Major
Managing Director
HSBC Global Immigrant Investor Programs

Christian H. Kälin
Partner
Henley & Partners

WHO SHOULD ATTEND

This conference is designed **for private client lawyers** and **private client advisors, immigration lawyers**, and other professionals who wish to obtain an up-to-date overview of the most attractive international residence and citizenship planning options.

The program is highly relevant for internationally active private client advisors, immigration specialists, relationship managers of private banks, family offices and trust companies, but also tax lawyers who advise wealthy families internationally. It is **also relevant to private investors, entrepreneurs and families** who wish to educate themselves about what is available and what is possible when it comes to international residence and citizenship solutions.
